Origin: The 1995 Oldenburg Stallion Lantinus by the legendary Holsteiner stallion Landadel out of the famous Oldenburg mare line of Uta has developed very successfully in Denmark. A Premium stallion at his Oldenburg Kuering in Germany, and stallion performance test winner, in 2 years he has produced 10 licensed stallions to this time including Las Vegas aka Lancaster Tagerup. Elite mare Utopia, Dam of Landtinus, has also produced St. PR St / Elite and Brilliant ring mare Uganda; and Queen of movement and 1a German Show mare Utima, now a breeding pearl in the Bechtolsheimer stable: This is also the line of the international Show jumpers Azarro and Figaro's Boy. This multi purpose dam line excels in both Jumpers and dressage horses. Castanje Tagerup, dam of Las Vegas (Lancaster Tagerup) by the Danish approved Holsteiner stallion Lord Cantus completed an impressive mare performance test earning multiple 8's from the test riders and for ridebility from the head judge. She was entered into breeding upon completion of her test.

Performance Record: 2006 - Approved for the Oldenburg Verband - North America at the High Point Hanoverian Stallion Inspection on July 2006. Besides marvelling the judges with his outstanding basic gaits, Las Vegas impressed immensely with his huge scope and potential over the fences.

2005 - Licensed for the Danish Warmblood Society - Approved for the performance testing at the 2005 Danish Warmblood Licensing in Herning, Denmark, under the name "Lancaster Tågerup"

Las Vegas is one of the best free jumpers in the country and as a dual talent, shows great promise to be a highly successful FEI dressage horse and one day compete at Grand Prix.

Breeding/Progeny Record: First season breeding 2007
